SEVILLE APARTMENTS
1011 West Shaw Court
Whitewater, Wisconsin 53190

SMOKE DETECTOR POLICY

Seville Apartments **requires** that you initially and periodically (at least twice per year) check your smoke detectors to make sure that they are always in proper working order.

Your smoke detector is battery operated, and you are required to replace the batteries during the time of your tenancy. If -for any reason- you are unable to replace the battery; or if the smoke detector does not work when you test it after you have replaced the battery, you are **required** to immediately fill out and submit a maintenance "Work Order" Request**.** Further, you must immediately contact the office by telephone at (262) 473-2841 and advise us of this problem,

NEVER DISCONNECT YOUR SMOKE DETECTOR

When this is done you jeopardize not only your own safety but that of your neighbors as well. THERE WILL BE A $25.00 PENALTY FOR DISCONNECTING YOUR SMOKE DETECTOR.

We acknowledge our obligations under this policy, and we have received a copy of this policy.
